What is “The 5 Star Coaches Program”?

What Makes UCA Camps Different?

Numbers. To put it simply we have 6 expert instructors from the USA who are ready and able to teach and demonstrate any skill. From thigh stands to rewinds and everything in between, these guys and girls know their stuff. This means no matter your level you are *guaranteed* to come away from camp with better technique, more skills, and greater knowledge than before.

We only attend competitions with one company – are the skills you teach applicable to us?

Of course! Our camps are run by UCA, who are Tier 1 members of the USASF/IASF. They use the exact same level rules as the major competition providers in Australia. In fact, many UCA staff members have gone on to work with the USASF/IASF to develop the rules we use in Australia and across the world.

Why aren’t the camps affiliated to any of the competition providers in Australia?

We want camp to be a fun experience for every athlete and coach from around the country to come and learn from the best. In order to maintain an all inclusive environment we have no membership requirements whatsoever. If you cheer or want to learn how – camp is the place to be!

Schedule & Stunt Class Levels

The 2 day Senior Schedule and 1 day Junior Schedule used for the Brisbane 2010 Cheer Camp has been refined to Australian needs, and includes relevant break-out sessions for Coaches. If there are specific skills that coaches want their athletes to learn at camp, simply let us know and we will do our best to accommodate you. Many coaches have found this invaluable in acquiring skills they have only ever seen before on TV or in videos.
